Art Unit: 2625

1. Claims 1 and 3-54 are allowed. Claims 35-54 are newly added. Claims 1, 14, 23, 28, 32, 38, 43, 48, and 53 are independent.

2. The amendment to the specification, filed July 11, 2006, is approved by the Examiner.

The amendment to claims 12 and 13 has overcome the rejection under 35 U.S.C. 112, first paragraph.

3. Claims 38-42 are rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for an apparatus comprising the one "means" for scanning an image of a first side of a document and for scanning an image of the second side of the document, does not reasonably provide enablement for two "means", i.e., means for scanning an image of a first side of a document and means for scanning an image of the second side of the document. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the invention commensurate in scope with these claims.

Claims 38-42 claim "means for scanning an image of a first side of a document through a light transparent channel" and "means for scanning an image of the second side through said light transparent channel". None of the embodiments in the specification includes two "means for scanning" as claimed.

4. Claims 1, 3-37, and 43-54 are allowed.

Art Unit: 2625

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
